

(c) *How to compute your Capital Impairment Percentage.* (1) If you have an Unrealized Gain on Securities Held, compute your Adjusted Unrealized Gain using paragraph (d) of this section. If you have an Unrealized Loss on Securities Held, continue with paragraph (c)(2) of this Section.

(2) Add together your Undistributed Net Realized Earnings, your Includible Non-cash Gains, and either your Unrealized Loss on Securities Held or your Adjusted Unrealized Gain.

(3) If the sum in paragraph (c)(2) of this section is zero or greater, your Capital Impairment Percentage is zero.

(4) If the sum in paragraph (c)(2) of this section is less than zero, drop the negative sign, divide by your Regulatory Capital (excluding Treasury Stock), and multiply by 100. The result is your Capital Impairment Percentage.

(d) *How to compute your Adjusted Unrealized Gain.* (1) Subtract Unrealized Depreciation from Unrealized Appreciation. This is your “Net Appreciation”.

(2) Determine your Unrealized Appreciation on Publicly Traded and Mar-

ketable securities. This is your “Class 1 Appreciation”.

(3) Determine your Unrealized Appreciation on securities that are not Publicly Traded and Marketable and meet the following criteria, which must be substantiated to the satisfaction of SBA (this is your “Class 2 Appreciation”):

(i) The Small Business that issued the security received a significant subsequent equity financing by an investor whose objectives were not primarily strategic and at a price that conclusively supports the Unrealized Appreciation;

(ii) Such financing represents a substantial investment in the form of an arm’s length transaction by a sophisticated new investor in the issuer’s securities; and

(iii) Such financing occurred within 24 months of the date of the Capital Impairment computation, or the Small Business’ pre-tax cash flow from operations for its most recent fiscal year was at least 10 percent of the Small Business’ average contributed capital for such fiscal year.

(4) Perform the appropriate computation from the following table:

ADJUSTED UNREALIZED GAIN BEFORE ESTIMATED TAX EFFECTS

If:	And:	Then adjusted unrealized gain before taxes is:
Class 1 Appreciation ≤ Net Appreciation.	Class 1 Appreciation + Class 2 Appreciation ≤ Net Appreciation.	(80% × Class 1 Appreciation) + (50% × Class 2 Appreciation).
Class 1 Appreciation ≤ Net Appreciation.	Class 1 Appreciation + Class 2 Appreciation > Net Appreciation.	(80% × Class 1 Appreciation) + [(50% × (Net Appreciation – Class 1 Appreciation))].
Class 1 Appreciation > Net Appreciation.	80% × Net Appreciation.

(5) Reduce the gain computed in paragraph (d)(4) of this section by your estimate of related future income tax expense. Subject to any adjustment required by paragraph (d)(6) of this section, the result is your Adjusted Unrealized Gain for use in paragraph (c)(2) of this section.

(6) If any securities that are the source of either Class 1 or Class 2 Appreciation are pledged or encumbered in any way, you must reduce the Adjusted Unrealized Gain computed in paragraph (d)(5) of this section by the amount of the related borrowing or other obligation, up to the amount of

the Unrealized Appreciation on the securities.

eight (48) months following your first issuance of Participating Securities, you will not have a condition of Capital Impairment if your Capital Impairment Percentage is below 85 percent.

(b) *Extended forbearance period for early stage investors.* If at least two-thirds of your Loans and Investments (at cost) are in Start-Up Financings, the forbearance period in paragraph (a) of this section is extended to 60 months.

(c) *Forbearance based on actions by Licensee.* The provisions of this paragraph (c) apply only during the fifth and sixth years following your first issuance of Participating Securities. If your Capital Impairment Percentage, as determined either by you or by SBA, exceeds the maximum permitted under § 107.1830(c) but is below 85 percent, you will not have a condition of Capital Impairment if you do either of the following within thirty (30) days of such determination:

(1) Increase your Regulatory Capital by a cash contribution placed in an escrow account or other account satisfactory to SBA, for its benefit. The contribution must equal, during the fifth year, 15 percent of your outstanding Leverage or, during the sixth year, 30 percent.

(2) Provide a guarantee, satisfactory to SBA and for its benefit, for the amount of the cash contribution required in paragraph (c)(1) of this section. SBA will credit any escrowed funds or guarantee received in the fifth year toward the requirements for the sixth year.

(d) *Conditions for forbearance under paragraph (c) of this section.* (1) You cannot count any funds placed in an escrow or other account under paragraph (c) of this section as Leverageable Capital.

(2) Any fee and/or any claim to repayment by the party making the capital contribution or by the guarantor must be deferred and subordinate to all outstanding Leverage plus any unpaid Earned Prioritized Payments and earned Adjustments.

(3) If there is an acceleration or mandatory redemption under § 107.1810 or § 107.1820, any funds in the escrow account and/or any guarantee received under paragraph (c) of this section will

be applied toward repaying any amounts due SBA.

(4) If you reduce your Capital Impairment Percentage to zero, SBA will release and return any escrowed funds and/or any guarantee received under paragraph (c) of this section.

Subpart K—Ending Operations as a Licensee

§ 107.1900 Surrender of license.

You may not surrender your license without SBA's prior written approval. Your request for approval must be accompanied by an offer of immediate repayment of all of your outstanding Leverage (including any prepayment penalties thereon), or by a plan satisfactory to SBA for the orderly liquidation of the Licensee.

Subpart L—Miscellaneous

§ 107.1910 Non-waiver of SBA's rights or terms of Leverage security.

SBA's failure to exercise or delay in exercising any right or remedy under the Act or the regulations in this part does not constitute a waiver of such right or remedy. SBA's failure to require you to perform any term or provision of your Leverage does not affect SBA's right to enforce such term or provision. Similarly, SBA's waiver of, or failure to enforce, any term or provision of your Leverage or of any event or condition set forth in § 107.1810 or § 107.1820 does not constitute a waiver of any succeeding breach of such term or provision or condition.

§ 107.1920 Licensee's application for exemption from a regulation in this part 107.

You may file an application in writing with SBA to have a proposed action exempted from any procedural or substantive requirement, restriction, or prohibition to which it is subject under this part, unless the provision is mandated by the Act. SBA may grant an exemption for such applicant, conditionally or unconditionally, provided the exemption would not be contrary to the purposes of the Act. Your application must be accompanied by supporting evidence which demonstrates to SBA's satisfaction that:
